

**Product Profile: DL-Methionine Feed Grade**

**Product Name: SUMIMET™-P**

DL-Methionine is an essential amino acid that serves as a nutrient facilitating the efficient production of high-quality chick meat and pork. It also reduces the amount of nitrogen excreted by the livestock.

*Chemical Name:* DL-2-Amino-4-(methylthio) butyric acid

*CAS:* 59-51-8

*Chemical Structure:*  $\text{CH}_3\text{-S-(CH}_2\text{)}_2\text{-CH(NH}_2\text{)-COOH}$

*Description:* White to pale yellow crystals or crystalline powder. Distinctive smell. Slightly sweet taste.

*Content:* Min. 99%

*Drying loss:* Max. 0.3%

*Good for:* 5 years (60 months)

*Storage:* Store in a cool, dry place. Avoid humidity. Seal container tightly after use.

*Instructions:* Add quantity recommended for current animal nutrient requirements to feed as a nutritious supplement for all livestock animals. Examples of use include poultry, swine, and aquaculture feed.

Package:

25 kg Paper Bag

1,000 kg Flexible Container Bag
